Dear Mr. Kim,

The members of the Olomana Career and Vocation Education would like to thank you for the Konica Minolta Copy Machine. We were greatly surprised to hear that we were to receive your donation. It did come at a great time because to our old copy machine that was not working properly and was beyond repair. We all greatly appreciate your donation because at this time, we did not have enough funds to purchase a new copy machine. With this machine, we are now able to provide the students of Olomana the appropriate and adequate worksheets that are clear and legible. Once again thank you for your generosity and support.

With Much Thanks,

*Sione Mafoaaeata
